SHEPHERD'S LETTERS TO

NURSE HELD
Correspondence Said
Have Apparent Bearing
McClintock Case
[EXCLUSIVE DISPATCH]
CHICAGO, Jan. 22.—A second
subpoena was issued today in con-
nection with the William Wain

ably for Miss Estelle Gehling, graduate nurse, with whom W.

of L. B. Stephens, said he had been told that the body was carried to the Clintlock funeral home, but he was not sure. The body was carried on a correspondence.

Judge Harry Olson, chief judge of the Municipal Court by a unanimous vote, said he was the Coroner. It was reported that letters have an apparent bearing on the McClintock investigation, and that the body was found in financial difficulty last October. McClintock died in December, but the letters were not found until the Coroner has continued the investigation.

On the strength of the letters, the Coroner has continued the investigation. The letters were found during investigation.

Judge Olson's interest in the case was not the only one. The young McClintock died just as he was to have married Miss Jack Shepherd, a girl who was married, his bride would have inherited the fortune.

When Miss Pope declared that she was not the bride, the marriage by declaring her about the license. McClintock's body was exhumed and the body was found in New Mexico for questioning.

Olson showed that McClintock was a resident of the state at the time of his death. Shepherd declared, near up the case and removed all evidence from the case. The case was finally closed, however, until the body was found.

Weehawken Run

Jury Dismissed After 19 Hours

(BY A. P. MORSE WIRE)

JERSEY CITY, Jan. 31.—A jury in the trial of the Weehawken police and two civilians, charged with conspiracy to violate the National Prohibition Act, was discharged today by County Judge Egan, following its failure to agree after nineteen hours of deliberation. The case will be retried within the next few weeks.

Previous to the next trial, the general subject of rum-running in Hudson county will be reviewed when Prosecutor John Milton presents to the grand jury next week the evidence brought out in the trial of the late United States Senator Edward I. Edwards in the alleged rum ring.

WHEAT HARDING REAPED IS GIFT
Kansas Farm Maid Taking Sack to Washington for Coolidge
HUTCHINSON (Kan.) Jan. 22.—Vadi Watson, 31, Kansas farm maid, left here today to deliver to President Coolidge a sack of wheat harvested by the late President Harding. With it she will bear a message declaring "Kansas grows the best wheat in the world."
The late President reaped the wheat on a farm near Hutchinson, where he paused in his trip to the Pacific Coast in 1923. It is hard wheat, such as recently sold for \$2 a bushel.

WAR CURE TALK GOES IN RECORD

Ohio Judge's Address Cause of Ripple in Senate
Objection to Entry Dropped as Louisiana Reads It

WASHINGTON, Jan. 22.—The national conference on the cause and cure of war caused a ripple on the surface of the Senate today, during one of its calendar moments, when Senator Randall, Democrat, Louisiana, sought to have printed in the Congressional Record an address delivered at the opening session of the meeting by the Justice Florence Allen of the Supreme Court of Ohio.

Senator Moore, Republican, New Hampshire, objected to the insertion of the speech in the record unless it was passed by the Printing Committee, of which he is chairman, but suggested he would withdraw his objection if the Louisiana Senator would take responsibility for the address.

That is an unprecedented stand, declared Senator Randall, "aside from the fact that every Senator has availed himself of this privilege. I thought this body was composed of chivalrous men."

There was applause in one of the galleries and a warning was voiced by the chair. Senator Randall then started to read the speech to get it into the record, and Senator Moore withdrew his objection. The Louisiana Senator explained that he heard the address delivered and agreed thoroughly with its premises relating to "a cure for war."

At the conference itself, tonight, Dr. Julius Klein of the Commerce Department, discussing economic aspects of war, declared in a prepared address that there was no world now "a growing appreciation of the fact that lasting commercial success is not to be achieved by the brutal tactics of war."

It is slowly becoming evident that economic recovery from the devastating wastes and disorders of 1914-19 can be obtained by restoring trade to normal channels, he said, "which must wait upon a long aftermath of readjustment, forbearance and abstinence, the elimination of the trappings and psychology of war from the realm of trade."

MARINE ASSOCIATION PRAISED BY COOLIDGE
WHITE HOUSE IS VISITED BY DELEGATES ON FIFTIETH ANNIVERSARY

WASHINGTON, Jan. 22.—Congratulations on the fiftieth anniversary of the founding of the National Marine Engineers Beneficial Association, were extended by President Coolidge to delegates of the organization who called today at the White House.

It gratifies me to hear of the excellent record you have made in these years for loyalty, skill and devotion in the service you perform," the President said in a brief address to about fifty members of the association. "Your past has been particularly free from differences among yourselves and with those with whom you must co-operate. Men who so conduct themselves show not only a genuine pride in their calling, but a quality of American citizenship."

ESPEE WILL BUILD LONG-PLANNED LINE
DOUGLAS (Ariz.) Jan. 22.—Declaration is made here that the Southern Pacific will follow completion of its West Coast mainline by commencement of work on the long-projected Tulelake-Nacozari connection. This line now is built to a point in Taqui Valley, north of Corral, furnishing transportation for the construction needs of the great Richardson Dam and irrigation project. Farther northward it would pass through one of the richest mineral regions in Mexico.

Railroad men state that construction for many miles south of Nacozari would be through very difficult country, though narrow mountain valleys are well located for the line. Of the 102 miles that lie between the terminals of Tepic and La Quemada on the Guadalupe line, seventy-five miles are reported completed, with two long tunnels just finished and made ready for passage of trains. All bridges for the distance are ready.

CLERGYMEN MEET
PHOENIX, Jan. 22.—Bishop Charles Wesley Menzies, Methodist Episcopal diocese of California, Nevada and Arizona, presided at a district conference here, with attendance of 175 clerical and lay workers. He was accompanied by Rev. Bromley Oxniam, Dr. and Mrs. Charles E. Welch and Rev. Jesse Lee Corley, the last named being director of religious education for Southern California and Arizona.

BLAIR RUMORS WON'T DIE

Differences Over The Naming of Prohibition Agents Strengthen Belief He Will Resign

WASHINGTON, Jan. 22.—Changes incident to the coming reorganization of the prohibition enforcement forces are likely to include the selection of a successor to D. H. Blair as Commissioner of Internal Revenue. Blair, a former prohibitionist, will be the latter official. While the Internal Revenue Bureau, next to the Veterans' Bureau, is the largest in the Federal government, its activities as regards prohibition enforcement have attracted more attention than any of its other duties.

It is known that there have been numerous differences between Commissioner Blair and Commissioner Haynes, with Mr. Blair, who is superior to Mr. Haynes, being sustained by Secretary Mellon under whose jurisdiction the bureau is. It is such differences as these that have caused the resignation of Blair, on the other hand, has refused, and as a result some of the men have not been reappointed.

It is being pointed out that the type of man the President proposed to select to succeed Blair, Haynes would not take kindly to any interference on the part of Mr. Blair in the selection of his subordinates. Furthermore, the President has definite ideas in this particular.

COUNTY WATER FIGHT WINS

Lineberger Announces Last Obstacle to \$35,000,000 Program is Removed; Work May Now Begin

WASHINGTON, Jan. 22.—Representative Lineberger announced tonight that the last obstacle in the way of carrying out the \$35,000,000 program for water conservation, irrigation and flood control for Los Angeles county has been removed. This means that the program now consideration with other pertinent facts as being sufficient to justify the immediate allowance of the right of way under the application of the act, and the decision adverse to the application is consequently set aside and the case is remanded for further and proper action in harmony with the views thus expressed.

Roy W. Dowds, deputy county engineer at Los Angeles, is being advised tonight by Lineberger by telegraph of the decision.

LUTHER VOTED APPROVAL

Party Speakers Say German Cabinet is Only on Probation; Work Decides Fate

BERLIN, Jan. 22.—Dr. Hans Luther's nonpartisan Cabinet, which has been the target of a heavy barrage in the Reichstag during the past three days, was accorded probational approval tonight by a vote of 248 to 160. A motion approving the new government's official program was actively opposed by 160 Socialists and Communists while thirty-nine Democrats and Fascist Deputies abstained from voting.

With the exception of former Chancellor Wirth and several other members of his party, the Clericals voted for Dr. Luther. Although the present majority of eighty-four votes assures the Cabinet a Parliamentary basis of comfortable proportions, the outcome of today's balloting reveals the doubtful nature of its standstill in the Reichstag, in that it is entirely at the mercy of the Clerical party.

The Clerical spokesmen in the course of the debate on the government platform, left no doubt in the Chancellor's mind that his Cabinet will for the time being be tolerated only on the basis of probation. This attitude the Democrats share and with the aid of the Socialists it can be readily converted into one of decisive opposition.

Today's vote which called for approval, in place of the customary confidence, came at the close of a heated debate in which the government was warned with varying candor by all the parties that its tenure of office depended upon its accomplishment.

Chancellor Luther and Dr. Stresemann, his Foreign Minister, are thoroughly cognizant of the Reichstag's present temper and they appeared pleased with the majority accorded them today. The new Chancellor possesses sufficient political acumen to enable him to keep on a footing of tolerable peace with the Clericals and Democrats for a period of several months at least.

POST RATE RISE ATTACKED

Senate Democrats Contend Proposed Increase is Contrary to Constitution; Vote Today

WASHINGTON, Jan. 22.—The administration postal-pay and rate-increase bill was subjected at the outset of debate today in the Senate to an attack from the Democratic side which aimed at elimination of all of the proposed rate advances.

BRIAND URGES VATICAN ENVOY

Seeks Continuance of French Embassy There

PARIS, Jan. 22.—Former Premier Briand, speaking from the Tribune before the Chamber of Deputies this afternoon for the first time since his resignation during the Cannes conference in January, 1923, made a stirring plea for the continuance of the French Embassy at the Vatican.

The speaker prefaced his remarks by saying that he fully approved the present government's foreign policy. He thanked the government for having given him the opportunity as its representative to the Cannes conference in January, 1923, made a stirring plea for the continuance of the French Embassy at the Vatican.

He believed it would be cowardly for the man who re-established the French Embassy at the Vatican, not to oppose its suppression. The former Premier argued that the Holy See was a center of international activities that France could not afford to neglect. France had done well, he said, in entering into relations with the soviet, but she should also be represented wherever she had other interests.

SEWS ANYTHING ANY SPEED ANY TABLE

Crope-de-chine one minute and overcoat material next, without adjustment. Slight change in foot pressure gives any speed desired.

This portable electric machine has 16 original features. NO NOISES TO WIND, no tension to adjust. Makes beautiful "correct-aid" seams three times as strong as ordinary machine stitches. Sews anything, any speed, anywhere, on any table. Former client, Mahogany finish case. (Also console model.) Old machine in trade.

ULCERATED STOMACH OF FAMOUS ACTOR RELIEVED

Coso Volcanic Iron Water DID THE WORK

THE COSO SMILE OF SAGER MIDGLEY
READ WHAT HE SAYS ABOUT IT

A few days ago I came to Los Angeles for an engagement at the Pantages Theater almost a physical wreck from years of Stomach Trouble, which had recently developed into an ulcerated condition. My liver was very inactive, and I daily suffered from severe nausea. Just after completing my act early during this engagement I was compelled to sit down in the rear of the stage and was very sick indeed. The Theater Electrician, Mr. F. L. Newell, seeing my condition, suggested that I try Coso Volcanic Iron Water, from which he had received the greatest benefit. I immediately purchased a bottle near the theater from The Owl Drug Company, and from the very first drink of Coso Water I felt relief. After having now used only four bottles I feel better than in years, and I am having a case of 16 bottles expressed to me at the Knickerbocker Hotel, San Diego, where I play my next engagement. I am anxious to continue this treatment in order to make the cure permanent. For many years I have appeared in various plays before the American public and have traveled all over the world, and I can conscientiously say that I believe Coso Volcanic Iron Water to be the most wonderful remedy for Stomach and Liver trouble to be found in this or any other country.

(Signed) SAGER MIDGLEY.

No Need to Tolerate Gray Hair any Longer

You Can Restore the Former Shade with Kolor-Bak

The clean, colorless liquid, known as Kolor-Bak, has enabled thousands of men and women to take years from their appearance by restoring the original shade to their gray hair.

The following is a letter typical of many written in praise of this remarkable preparation.
"Only a short time ago my hair was white and becoming grayer. It was falling out. My scalp itched and dandruff appeared."
"Only a few applications of Kolor-Bak stopped the itching and dandruff. My hair soon stopped coming out. Most wonderful of all, however, is that my hair is again its original shade. I am ten years younger. No wonder I'm so grateful for Kolor-Bak."

Authorities state that hair turns gray when for any reason it fails to receive the proper amount of coloring matter from the cells in the scalp. No matter what the cause of the grayness, it is amazing to see how quickly Kolor-Bak brings back the former shade. It is the best known substitute for the natural pigmentation.

Kolor-Bak is not sticky, greasy, messy or unpleasant to use. It is just a clean, colorless liquid containing ingredients known to be beneficial to hair and scalp—as easy to use as water. Results often appear in a week.
It not only restores the former shade to the hair, it banishes dandruff, prevents itching of the scalp and stops falling of the hair.
No samples of your hair required—no tests necessary—as this one clean, colorless liquid is effective on any gray hair. Money back instantly if desired results do not appear.

new law had been issued to the

chief of the fire department of El

Centro.

Apparently the resolution finally

adopted was satisfactory to all

concerned and the resolution

would suit the commission.

At the conference declared he had

no objections.

But of all, Commissioner Han-

lon declared the Legion posts could

go in for other sports than boxing,

but that did not meet with favor

and he agreed that the resolution

would suit the commission.

UP TO ALBUREN

Hanlon further explained that

in the case of the protests from

legionnaires that the board had

no information. That territory is with-

in the district handled by Louis

Alburen, first chief of San Diego

as it had been agreed the three

commissioners should divide re-

sponsibility and look after their

own districts.

Assemblyman Harry Morrison

and Joe Pedrotti, who had much

to do with putting the amendment

to the law, were at the committee

meeting and declared they

would support the law in order that

the commission could have no ob-

jection on the ground of lack of

information.

regulars last year.

MINE BOY TO MANAGER

BUCKY HARRIS'S STORY BY HIMSELF

This is the nineteenth installment of the autobiography of Stanley

Harris, youngest major league baseball manager in the history of the

game and the victorious strategist and one of the outstanding players in the

1924 World Series, in which his Washington club won the pennant

for the first time. The rise of Harris from colliery boy to big league

manager in eight years is one of the most remarkable life stories America

has ever produced.

A CHUCKLE FOR EVERYBODY

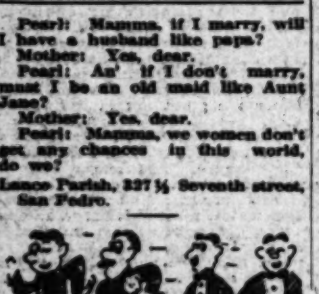

LOCAL LAUGHS

Each week The Times presents a fun section "Local Laughs," consisting of the funniest jokes submitted by local people. Weekly prizes are paid of \$5, \$10, \$25 and \$50. A list of the names of the winners, together with their names and addresses, will be given in the Times. Prizes-winning jokes, and names and addresses of winners, appear only on the screen. Jokes meeting honorable mention will be given a place of honor on The Times comic page each week-day, and each of these contributors will receive a souvenir of appreciation.

Grandfather: When I was a little girl they had special children.
Granddaughter: They have them today, too—they call them cousins.

FLOOD OF BILLS IN LEGISLATURE

Total of 408 Introduced in Single Day at Sacramento

Measures Proposed Cover Wide Range of Questions

Limiting of Salaries Paid by Public Utilities Asked

(BY A. P. MONT WIRE)

SACRAMENTO, Jan. 22.—With 408 bills introduced today, the California Legislature established what is believed to be a record for any one day other than the final day of a session. In addition to the usual number of resolutions and memorials there is now before the Legislature a total of 1197 measures proposing amendments to existing statutes or new laws. Bills introduced in the lower House touched practically every scope of legislation ranging from the limitation of salaries of public officials to the restoration of a historical fort established in 1821 by Russians in Sonoma county. Assemblywoman Dorris of Berkeley presented a measure to limit the salaries of officials of public utility corporations, drawn from operating expenses of such companies, to an amount not to exceed the salary of the Governor of the State which at present is \$15,000 a year.

To perpetuate the fact that the Russians planted foot on California soil and established a colony as early as 1821, Assemblyman Goodier, Sebastopol, introduced a bill providing for an appropriation

of \$2500 to preserve Fort Ross in Sonoma county.

AINS AT FAKE DOCTORS

An offensive against so-called "diploma mills" is the intention of a measure which Senator Slater, Santa Rosa, started on its way in the Senate. The proposed law would require all medical or professional schools to conform to a standard to be set by a board composed of the president of the University of California, president of Stanford, superintendent of public instruction and two others to be appointed by the Governor. The law would authorize the Attorney General to proceed against educational institutions issuing diplomas without having conformed to the State's requirements.

Senator Harry A. Chamberlain introduced a bill requiring the display of the American flag over each voting place.

Senator Ed P. Sample, San Diego, is the father of a bill, providing for annual conferences of all judges of rank in the State.

FISH REGULATION ASKED

Senator C. C. Baker, Salinas, put in a bill to regulate the canning, packing, preserving or curing of fish and the manufacture of fish flour for human consumption; to empower a commission to investigate the abundance of sardines, anchovies, herring and to empower the Fish and Game Commission to bring injunction proceedings in the name of the people restraining the taking or using of any species of fish showing depletion.

Another bill by Senator Chamberlain would increase the penalty for the issuing or passing of bogus checks or money while still another of his would make it possible for a change of venue to another county of a defendant when feeling or excitement would prevent securing a fair trial in the county in which the offense was committed.

All persons engaged in the business of repairing motor vehicles would be subject to examination

and licensing under provisions of a bill introduced by Senator Lewis of Los Angeles. The appointment of a motor vehicle examining board also is provided in the measure.

Senator Canepa of San Francisco offered a bill which would enable Boards of Supervisors to appropriate money to pay the expenses of patients in private hospitals. The author of the measure stated that it was intended to alleviate the situation in the populous districts where the public institutions are overcrowded and consequently needy persons being denied financial assistance or treatment. Under the proposed law only the actual cost to the private hospital would be paid, not the usual charges.

Manufacture of cement and cement products by the Department of Public Works utilizing the labor of convicts is proposed in a bill introduced in the Senate. The terms of the measure provide that convicts would be paid \$60 a month for their work and would enjoy other benefits, including the establishment of a recreational fund. Part of the money due the convicts would be withheld to assure good behavior and to guard against escape from the factory.

Senator Imman, Sacramento, author of the measure, stated that the bill will not be opposed by organized labor interests, due to their belief that continued opposition to employment of convicts in industry is useless and that cement manufacturing is the best one to be accepted for convict labor, owing to the difficulty of securing outside labor for this kind of work.

LOST HIS FEE

BEATTYVILLE (Ky.) Jan. 22.—A country minister was called to a home near Beattyville to perform a marriage ceremony. Finding that the bridegroom had been drinking, he refused to officiate and rode home. A messenger then was dispatched for another minister, who did the nuptial knot.

SWINDLER OF POOR IS SENTENCED

H. W. Ballard, Convicted of Oil Fraud in Bay City, Was Arrested Here

(SPECIAL DISPATCH)

SAN FRANCISCO, Jan. 22.—Howard W. Ballard, who was convicted of swindling workmen in an oil scheme, must serve a prison term of from one to five years in San Quentin prison.

It was disclosed here today, Ballard, whose case proved a sensation in regard to the testimony of inhuman brutality in the testimony of poor folk, made an unsuccessful attempt to win a writ of habeas corpus brought before Judge Ward for sentence. This was denied as the sentence was pronounced.

Ballard was convicted before Judge Ward of swindling and fraud in connection with his operation of a concern known as the Lafayette Oil Company, in which his victims are said to have numbered several hundred.

The warrant on which Ballard was tried was issued in San Francisco on May 18, 1922, Ballard being arrested in Los Angeles two days later by Detective Sergeant Lucas and Elmore.

On March 23, 1923, a stop order for Ballard's broker's and agent's license was issued by State Corporation Commissioner Daugherty following an investigation by Examiner E. A. McFar.

More than a month later, on June 19, 1923, the books, papers and furniture in Ballard's office at 747 Consolidated Realty Building, Los Angeles, were seized by the sheriff's office on attachment proceedings sworn out by August De Bretteville of San Francisco through Attorney John W. Luter of Los Angeles. At this latter period Ballard was operating the "Lessors Oil Company of California."

Ballard also was arrested in Berkeley, Cal., on December 10, 1920, on a charge of obtaining money under false pretenses, this charge later being dismissed for insufficient evidence.

Ballard achieved some notoriety in March, 1924, through a statement that the late Jake L. Hamon had confided in him details of his diamond's purported operations during the Republican national convention of 1920. Ballard was later subpoenaed to appear before the United States Senate committee investigating oil scandals.

WET ROUTE FAVORED BY TRAVELERS

Tourists in Canada Are Government's Best Liquor Store Patrons

(SPECIAL DISPATCH)

CALGARY (Alta.) Jan. 22.—Ninety-five per cent of the hard liquor sold at the Alberta government liquor vendor's in Banff last summer, was purchased by tourists, the year-end check of liquor permits reveals. A permit to buy liquor is rapidly becoming as prominent a part of the equipment of a touring motorist in Alberta as a theater or a frying pan, according to Banff officials.

A similar condition prevails at all the central points on the scenic trails through the mountains of Alberta and British Columbia. While it is not even remotely suggested that open sale of booze is the chief attraction to tourists in Western Canada, it is an undoubted fact that many motor schedules are laid out that the end of each touring day brings the motor party to a town where a government liquor store is situated.

And they are placed at strategic intervals along the route, that bring them within easy automobile distance of one another.

Judge Requests Speed in Grocer Trust Law Trial

If the case against the Southern Wholesale Grocers' Association, charged with conspiracy to violate the Sherman antitrust law through the maintenance of excessive prices, is to be finished without interruption, the defense must close by February 1.

Federal Judge James announced yesterday. He explained it will not be possible to go on with the trial after that date without interruption because the trial of criminal cases will begin then in his court.

No evidence was submitted in the case yesterday. At the request of defense counsel, an adjournment was taken until today in order that preparation might be made by the defense to present arguments in support of a motion to dismiss the case. Counsel for the government announced they will close their case today after placing in evidence some recently found minutes of the Association of Manufacturers' Representatives together with invoices on commodities shipped to other States by local jobbers.

Local Policeman Held in Pasadena for Intoxication

Harold W. McCoy, a patrolman on the Los Angeles police force, was picked up in front of a Pasadena theater in what was declared to be an intoxicated condition last night and taken to the Pasadena police station, where he was booked on a charge of being intoxicated.

According to the Pasadena police, McCoy was in full uniform. His police badge was removed by the Pasadena authorities.

McCoy lives in El Monte and was appointed to the local police department October 1, 1924.

A fine candy 10c a bar

for TONNAGE -not Land Profits!

Subsidiary of Santa Fe Railway starts improvement of 9000 acres of Fertile Fruit Lands to encourage intensive Fruit Cultivation and Rural Community Building. Highly productive Land and ideal Homesites, amply irrigated, selling at Cost plus Improvements. 2 1/4 Millions already Invested.

THE Santa Fe Land Improvement Company, sponsored by one of America's great transcontinental Railways, is improving and developing extensive acreage in San Diego County—the general purpose behind the Project being to produce freight and passenger traffic from that district. Land is being sold at prices which return only cost plus improvement charges—thereby eliminating real estate speculation and affording reasonable assurance of future income from land development.

Avocados and Citrus Lands—

The best horticultural talent in California has pronounced Rancho Santa Fe soils as particularly suitable for avocados, Valencia oranges, lemons and other fruits. Exhaustive tests and surveys have demonstrated the specific cultural methods and plantings which may be profitably and safely engaged in.

Already Two and a Quarter Million Dollars have been expended in basic improvement work, including the erection of the Lake Hodges Dam, which with its completed irrigation system, assures a water supply approved as adequate by the best engineering skill in the West.

OUR SALES OFFICE in Los Angeles is not the usual type of real estate office—it is a place where you can freely discuss things with us. Come in or write us for further information. We can arrange a visit to the Rancho so you can see for yourself what is being done there. Please mail the coupon.

The Rancho is located immediately Northeast from the Los Angeles-San Diego Highway—4 1/4 miles from Solana Beach and 7 miles from Del Mar. Signs mark entrance.

PRICES FOR LAND, \$300 to \$450 per acre—no higher.

Fourteen Trains Pour 2000 Into Los Angeles Daily

So This is Los Angeles!—Here are a few of the 2000 or more tourists who are arriving daily in the Southland via fourteen trains that are slipping into the local stations. It is the end of the rainbow for these folks from the Middle West, who hope to find health, wealth and happiness under balmy California skies. In addition to the 2000 arriving daily by rail, it is estimated that 1500 more are driving into Los Angeles in automobiles. Photo shows commuters disembarking yesterday at one of the two principal depots. The central photo depicts a mother, newly arrived, being escorted from the train by a daughter who has been in the Southland long enough to know her way around. In the foreground of the photo on the right is a father welcoming a son who will make his future home in Los Angeles. (Times photo.)

Asserted Chicago Swindler Nabbed Here—Photo shows, left to right, Police Sergeant Loftus of Chicago, Investigator Ben Cohn, Raymond J. Bischoff and Investigator Charles Reimer, whom Chicago police have sought for three years, was arrested here yesterday. He is charged with participation in an asserted \$2,000,000 swindle in the Windy City. (Times photo.)

Dabbled in Mysticism—Mohammed Ortaay, Hollywood seer, confidant of film celebrities, free on bail on charge of violating city ordinance affecting fortune telling. (Times photo.)

Getting His First Lesson—Photo shows C. Bascom Sloop (left) and Representative Everett Sanders of Indiana, the former and present secretaries to President Coolidge, respectively, caught in a close-up while Sloop is initiating his successor into the intricacies of the duties of a secretary to the President. NOTICIAS MUNDIALES
DE ULTIMA HORA

En obsequio a nuestros numerosos amigos de habla española, y para beneficio de los lectores americanos de "The Times" que estudian las lenguas, publicamos diariamente noticias de última hora. Buenos días a todos los lectores de esta columna, con un extracto de las más importantes noticias de última hora.

NOTAS TELEGRAFICAS

LONDRES, Enero 22. — Se ha permitido ayer que el público tenga conocimiento de que el gobierno que encabeza el Sr. Baldwin va a reanudar su programa de construcciones navales, que fue suspendido por el régimen del ex-primer Ministro MacDonald, y que los trabajos darán principio muy pronto.

El mayor interés radica en los submarinos, que serán del tipo "C", al primero de este tipo se está experimentando actualmente. Estos submarinos son, en realidad, verdaderos cruceros que manejan bajo el agua a una velocidad de 20 nudos, y cada uno está armado de seis cañones de 18 pulgadas y media, de largo alcance. Son muy superiores al Deutschland alemán que hizo un viaje a América en el tiempo de la guerra.

El barco instalador de minas y el transporte de aviación, con también de nuevo modelo, utilizando las enseñanzas que trajo la guerra, durante la cual, solamente los barcos de este modelo eran convertibles en navíos de guerra o mercantes.

La razón técnica para estas construcciones, es la de que, para el año de 1930, todos los barcos de la actual armada estarán inutilizados y se considera que en ese tiempo de esperar a reponerlos, para llenar las necesidades navales de la época actual.

El hallazgo de un cráneo humano Anticuísimo Frente Ayuda a la Ciencia

LONDRES, Enero 22.—El profesor Sir Arthur Keith, custodio del Museo del Colegio Real de Cirujanos, ha dado una conferencia anoche, sobre antropología, dando la noticia de que ha sido hallado un cráneo humano, en Brooke Hill, Rhodessa, que se calcula fue de un ser que existió hace entre cien mil y doscientos mil años.

Este cráneo es la reliquia humana más antigua que se ha descubierto hasta ahora, y los científicos legarán que crear una especie para el futuro. Los huesos encontrados en la misma caverna donde fue descubierto el cráneo revelan que el hombre más antiguo del mundo caminaba en dos pies, mientras que la estructura del cráneo demuestra un tipo

mentalmente más desarrollado que la forma inferior de la vida humana de nuestros días.

"Este descubrimiento," dijo Sir Arthur Keith, "es uno de los más importantes que se han hecho y arroja nueva luz sobre la historia primitiva de la humanidad."

El día en Washington

Fue discutido en el Senado el asunto de la Deuda francesa.

El Senado dio principio al estudio de la iniciativa para aumentar el presupuesto postal.

El comité de Comercio del Senado recomendó el proyecto relativo a la compra, por el gobierno, de la Casa God, construido en la

El secretario Hughes anunció que en el próximo mes de febrero se reanudarán las relaciones diplomáticas con Honduras.

Los comediantes y autores de piezas musicales, se presentaron ante un subcomité, favoreciendo una ley, que reforme las que están vigentes, sobre propiedad literaria.

NOTAS LOCALES

Declara al culpable de Asesinato del Alcaide Cryer

R. A. Critchlow, el enfermero que intentó un suicidio en contra del alcaide de Los Angeles, Sr. Cryer, el 16 de diciembre, ha sido declarado culpable de los delitos de asesinato para obtener una exención, y de amenazar a mano armada.

Solicitó que se abriera a prueba el juicio que se sigue, para cuyo efecto el juez señaló el jueves próximo para la vista de la causa.

Critchlow, como recordaron las lecturas de esta sección, comenzó por teléfono una cita con el alcaide Cryer, haciéndole pasar por agente del Departamento de Justicia federal, tan pronto como el alcaide lo recibió en su casa para la conferencia convenida. Critchlow trató de obligar al Sr. Cryer—bajo amenaza con un revólver—a que le entregara \$500 y por mucho tiempo permaneció en una amenazadora actitud, hasta que se le ofreció que recibiría al siguiente día al dinero en la Casa Municipal, donde fue detenido al tratar de recibir los fondos pedidos.

DEPORTES

George Manley, bien conocido aquí por el veredicto pronunciado a su favor contra Bert Collins; y Fred Callen "light-heavyweight" local, quien ultimamente ha estado enviando a dormir a sus contrarios, se pasaron regularmente, tendrán un encuentro de 15 "rounds", en el estadio de Hollywood Legion, esta noche.

Se espera que los contendientes pongan todo empeño en sacar la palma, pues del resultado de este encuentro, depende que el vencedor tenga la probabilidad de enfrentarse con Tommy Loughran, de Filadelfia, quien ha estado venciendo a todos los pugilistas de su categoría, incluyendo a Harry Greb y a Gene Tunney.

Basketball

Se tiene el proyecto de celebrar una serie de juegos para discernir al campeón local de la Liga de Fútbol, entre los equipos del Security Trust and Savings Bank, de Los Angeles y del First National Bank, de San Diego. El primero ha ganado el campeonato local de fútbol, y el First National Bank de San Diego lo obtuvo en los juegos de la Liga de San Diego.

EARNINGS OF BETHLEHEM STEEL GAIN

Sput in Final Quarter of 1924 Shows Increase of \$3,000,000

BY A. P. HUNT WRITER

NEW YORK, Jan. 22.—According to a remarkable recovery in the final quarter of 1924, the Bethlehem Steel Corporation increased its net earnings more than \$3,000,000 over the preceding three months to a total of \$9,550,715, which brought its income for the year to \$39,984,489.

Although the 1924 earnings were about \$5,000,000 less than in 1923, the corporation was able to close its year with a larger surplus, which amounted to \$2,543,027.

The gain in Bethlehem's earnings, which were established on lower prices for steel, measured the extent of the improvement in the steel industry which took place in the last quarter of the year, particularly after the election. The corporation was the first of the large steel companies to report its earnings.

"The trend of prices during most of the year was gradually downward, the average billing prices for December being approximately 70 per cent lower than in January. The increased demand throughout the fourth quarter not only checked the declining prices, but also resulted in an advance of \$2 to \$4 a ton," President E. G. Grace said.

BANKERS TO TALK ON AGRICULTURE

(EXCLUSIVE DISPATCH)

STILLWATER (Okla.) Jan. 22. A joint meeting of the agricultural commission of the American Bankers' Association and the agricultural committee of the Oklahoma Bankers' Association is to be held at the State Agricultural and Mechanical College here on February 3.

Walter W. Head of Omaha, chairman of the American Bankers' Association; D. H. Otis of Madison, Wis., a director of the American Association; Frank Wilcox, president of the Transamerica National Bank of Oklahoma City; and Charles E. Hoke of Stillwater, agricultural editor of the Oklahoma Banker, will be the principal speakers.

JANUARY
Clearance—Third Week
—store-wide selling
Thousands of Savings At Barker Bros!

BROADWAY between Seventh and Eighth

Madam—

More Than Home

Is Awaiting You in the

HAVENHURST

(Hollywood's First 100% Cooperative Apartment)

A Tenant-Owned Apartment in the Havenhurst is "more than a home," in numerous respects.

When you building a private residence on the smallest sum you pay for a Havenhurst Apartment, you could not begin to realize the special features that are yours.

Think of having your own secluded home with modern woodwork, hardwood floors, dove ceilings and modern conveniences in the living rooms, tile bath and shower, and scores of built-in features with heat, light and refrigeration furnished at no extra cost.

And on top of that, being able to enjoy, as part of your own home, a beautiful garden, a ball room and entertainment hall, a community laundry and garage, a beautiful swimming pool, a beautiful location, in one of the choicest sections of Hollywood, with a splendid view.

A smart, responsible organization has completed the Havenhurst and carried its completion to a successful conclusion. It is now nearly finished, and you can inspect it. Homes as low as \$7250.

NAVY MAY QUIT RADIO SERVICE

Messages Will be Refused
Unless Time Extended

Free's Resolution Balked by
Marine Committee

Pacific Island Newspapers
Would Suffer Most

WASHINGTON, Jan. 22.—Proposed extension of Congressional authority under which the Naval Radio Service transmits commercial messages to Hawaii and the Philippines has struck a snag and unless some way is found to extricate it, American newspapers in the Pacific possessions will have their news dispatches much curtailed after next June 30.

Since 1920, Congress had authorized the naval radio to handle commercial messages, including news dispatches, across the Pacific with the proviso that the service should be discontinued when private companies were able to take over the work. Extended from time to time, the authority expires June 30.

Representative Free of California, had introduced a resolution to extend the authority further, but some members of the merchant marine committee object to the resolution unless it limits naval radio strictly to news dispatches and prohibits the Navy from handling other commercial business.

To assure adoption of the extension resolution in the six weeks remaining of the Congressional session, a special rule is necessary, and it is unlikely that one can be obtained without a unanimous report from the merchant marine committee.

Before naval radio was used, American newspapers in the Philippines were obliged to get their news from London via China because of the lack of transmission facilities in the Pacific and high rates from America.

American newspapers in the Pacific possessions contend it is in the national interest that they receive an American news report from home and that at so great a distance they would be unable to pay the rates which commercial companies would require.

GLOBE MILLING EARNINGS GAIN

Profit on Common Stock Now at 8.7 Per Cent Rate

Record Year in History of Company Just Ended

Eucalyptus Products Firm Permit Revoked

Globe Grain and Milling Company during the calendar year of 1922, earned \$864,340.22; the equivalent after preferred dividends, to 8.7 per cent on the common stock, according to the report Wednesday to the board of directors by President Will E. Keller.

Earnings from July 1 to December 31, last, which is the first half of the fiscal year, amounted to a net profit of \$468,583.94, as compared with \$459,772.15 earned during the first half of the calendar year.

Surplus and undivided profits of the company are reported by President Keller to now stand at \$2,648,447.20, and reserve for depreciation of its plants at \$1,617,881.69, and the reserve for losses at \$1,108,108.61. The merchandise inventory shows goods valued at \$2,189,546.99, which, if based on present cost, would increase the profit probably \$200,000.

Sales of flour and other merchandises handled by the company during the first half of the calendar year amounted to \$2,511,380 tons, which brought \$12,825,328.35. Cash on hand on December 31, last, was \$1,105,212.75; gross operating profits amounted to \$1,753,837.22, and operating expense was \$1,153,546.08, leaving a gross profit for the six months of \$599,291.14. Reserve for depreciation was \$1,108,108.61.

On September, last, certified public accountants made an audit and report of the condition of the company and of the Globe Cotton Oil Mills. At that time it was deemed advisable by the officers of the organization to dispose of \$250,000 of the Globe Grain and Milling Company's holdings in the Globe Cotton Oil Mills to the First National Bank of Los Angeles, to provide cash with which to redeem the bonds of the company.

It was further recommended at that time by the officers that all cash resources and earnings of the fiscal year up to June 30, 1923, be retained by the company.

Due probably to the fact that the past year has been the largest in the history of the company in the flour business, and with increasing hopes of higher dividend rate, the stock on the Los Angeles exchange has been particularly active during the past months.

DIVIDENDS INTERRUPTED
The Globe Grain and Milling Company was organized on October 31, 1902, and paid its first cash dividend on March 1, 1903. From that date until January 1, 1921, it did not fail to declare dividends. During that period common stockholders received \$1,461,821.30 in cash and \$4,582,450 in stock from dividends, a total of \$6,044,271.30. An original stockholder, however, amounts to 50 1/2 per cent on the investment.

Of the \$3,000,000 preferred and the \$200,000 second preferred stock issued there had been retired \$250,000 of the preferred up to June 3, last. Preferred dividends in cash have amounted to \$1,025,815.94, making a total of \$9,269,127.24 in dividends paid since the beginning of the concern.

LICENSES SUSPENDED
Because affairs of the California Eucalyptus Products Company were not considered progressing satisfactorily the permit of the company has been suspended by Edwin M. Daugherty, State Corporation Commissioner. The suspension was on request of R. N. Mason of Palma, president of the company, who said he had recently made an investigation into the affairs of the concern and believed suspension was justified.

Macaroni Company, and Murdock & Wilcox.

The real estate alone has been appraised at \$912,000 and this, together with present improvements including one Class A and four Class C buildings, and two Class A buildings to be erected, provides a wide margin of security. The revenue from leases, subject only to taxes and insurance charges, provides a net income more than ample to meet all interest and sinking fund charges on these bonds.

Descriptive circular with diagram of the district, will be mailed upon request. Telephone TRinity 6041 or use the coupon.

EQUILIBRIUM IS REACHED

Agriculture and Industry Both Score Gains; Prices of Grains and Steel Stock Advance

BY EARLE K. CROWE

Two significant developments in the speculative markets yesterday afforded definite confirmation of an equilibrium between two of the most important factors in the economic world. Business men, farmers and economists earnestly have prayed for what they term "balanced prosperity," and were jubilant early in the summer when the grain markets started to close the gap between industry and agriculture by a sensational rise in prices. The grain advances were so pronounced that the industrialists began to fear that agriculture would take the lead, until the stock market in November began to discount a general business revival.

Yesterday both the stock and grain markets reflected a condition of marked prosperity for their constituents. The grain futures reached a new top level just below the \$2 mark, and United States Steel common, the barometer of industry, advanced a new high price of 12 1/2, the highest since the first days of 1917. In that year steel common registered a peak price of 14 1/2. The fact that new high levels were recorded in both industry and agriculture is a highly satisfactory index that the country is once again in practical economic adjustment.

EVIDENCE CITED
Moreover, the speculative evidence is supported by actual facts. The statistical position of what, in the opinion of most competent observers, fully warrants the existing prices. An officer of the grain marketing association took the occasion yesterday to cite the figures of the world's wheat supply, and to emphasize the fact that the speculation has cornered the wheat market.

Possibly some of the buying in United States Steel can be attributed to pools, but the real impetus undoubtedly came from the discerning traders who were convinced by the testimony advanced by midwest steel reviews. The path had been prepared by the announcement that the Steel Corporation was operating at 92 per cent of capacity, but some doubt existed as to whether the rate could be maintained. The trade reviews, however, brushed this uncertainty aside by the statement that the corporation is still adding additional capacity to care for the influx of forward orders.

The talk of price increases probably was the spur to many traders straddling the fence. The reviews said that in Chicago and Pittsburgh the opinion is that increases of \$3 to \$5 a ton may be necessary in orders. Already a few advance-quarter isolated instances have been made. No more convincing testimony of industrial prosperity and its probable duration can be supplied than economic.

Other suspensions included the Madewell Furniture Company, an unsatisfactory financial condition; Co-operative Glass Company of Los Angeles, Cal., Inc., on request of the company Arrowhead Portland Cement Company, inability to obtain interest on Standard Union Finance Corporation, bankruptcy proceedings pending.

Denials of permits were: Miss Oil Company, application incomplete; Adrienne Studios, Inc., same reason. Revocations were: Daily Oil Syndicate and Lawrence-Santa Fe Oil Company, companies unoperative. An order suspending the operations of the Peerless Soap Company on November 29, 1922, was set aside following the close of litigation involving stock of the company.

LEASEHOLD ACQUIRED
The Equitable Trust Company of New York has acquired the leasehold of the Mills estate property, comprising the permit of the building which is directly opposite the New York Stock Exchange and adjoining the J. P. Morgan & Co. structure, and will erect a \$12,000,000 thirty-four-story skyscraper, to be finished in 1924, according to announcement by the trust company and J. P. Morgan & Co.

FEDERAL COURT RULES IN BUCKET SHOP CASE
(BY A. F. HUNT WRIT)
ATLANTA (Ga.) Jan. 23.—

OUTPUT OF STEEL AND IRON GAINS

Buying in Contrast is on Sharply Decreased Plane

By EARLE K. CROWE

CLEVELAND (O.) Jan. 22.—Iron and steel conditions appear in contrast, for while a general pause has come upon new buying, production has been further speeded up in several quarters until it is nearing the maximum point of capacity. Iron Trade Review reports. The reaction in new business following the sharp activity in November and December has been especially apparent the past week. It has applied not only to finished steel, but also to primary materials such as pig iron, coke and scrap. Some mills have also experienced more sluggish action from buyers in specifying against commitments made, which in the aggregate are large.

This situation has a very direct bearing upon the question whether the Pittsburgh mill which the production has been worked up to can be maintained in the steel market. On the contrary there is considerable talk both at Chicago and Pittsburgh of a possible \$1 to \$3 a ton advance in plates, shapes and bars to cover second quarter buying. A Chicago independent Tuesday announced an advance of \$2 a ton in at least three lines. Some mills advanced wire products \$2 a ton.

Structural steel awards for 1924, as computed by the Department of Commerce, reached the largest total in history, 3,000,483 tons. Foreign competition figured in a more important way in the week's news. The Interborough Rapid Transit Company, it is reported, may buy 600 tons of rail abroad, following the recent action of the Ford Road, the Detroit, Toledo and Iron, in placing 10,000 tons with the Providence Works in Belgium. These rails are offered at around \$35 c.i.f. against \$43, the mill price at domestic works.

The advance in pig iron has been checked and a lull in buying is now being reported. The iron and steel industry in Germany by order of the Cabinet has been restricted by cable. The eight-hour day has been the legal limitation for some time, it was waived by contract for the workers, who now refuse to extend the agreement for February.

The Iron Trade Review composite of fourteen leading iron and steel products this week to \$41.10, compared with \$40.85 last week and \$40.92 two weeks ago.

YOUR INCOME TAX
(This is the sixth of a series of income tax columns in the Bureau of the Los Angeles Times, and other items of the new tax law as they appear in the news.)

No. 6
To determine net income upon which the tax is assessed, the taxpayer must first compute his gross income. Regardless of the amount of net income a return is required of every individual whose gross income for 1922 was \$5,000 or more. Gross income, as defined by regulations relating to the income tax, includes all income from whatever source derived, whether or not it is received in cash, and whether or not it is received in the form of property, profits from sale of and dealings in property, interest, rent, dividends and gains, and the income derived from any source whatever, unless exempt from tax by law. Net income is gross income less certain specified deductions for business expenses, losses, bad debts, depreciation of business property, gifts, etc., as fully explained later.

Taxpayers may be divided into four general classes: the wage earner, or salaried class, business, professional and agricultural. All compensation for personal services received by a salaried person or wage earner is income, including commissions, bonuses, fees, pensions paid retired employees, and tips.

The gross income of the usual business consists of the gross profits on sales, together with income from investments and incidental or outside operation or sources. The return must show the gross sales, purchases and cost of goods sold. To reflect net income correctly in any business in which the production, purchase or sale of merchandise is an income-producing factor, inventories are necessary at the beginning and end of each taxable year.

The lawyer, doctor, architect, author, dentist, clergyman or other professional man must include all fees, salaries and compensation for professional services. The farmer is required to report as gross income all profits derived from the sale or exchange of farm products and live stock, whether produced on the farm or purchased and resold, and income from other sources. The market value of merchandise or groceries exchanged for farm products must be included; also profits from renting a farm on the crop-sharing basis, and the rental and sale of farm lands.

OHIO PUBLIC SERVICE COMPANY

First Preferred Cumulative 7% Stock

Important Investment Features in brief are as follows:

Company does all the domestic electric lighting and substantially all the commercial light and power business in Sandusky, Lorain, Elyria, Mansfield and numerous other communities in Ohio.

Territory, because of its many highly diversified industrial cities and rich agricultural area, is one of the best fields for power consumption in the United States. Total population served is in excess of 400,000.

Value of Company's property, as determined by Public Utilities Commission of Ohio, after deduction funded debt but including other net assets and additions to date, indicates total net assets of over \$170 behind each \$100 share of this first preferred stock. Net Earnings for the 2 1/4 years ended June 30, 1924, averaged nearly 4 times dividend requirements and for the 12 months ending the same period were over 4 times dividend charges on all stock outstanding, including this issue, which indicates unusually stable earning power.

Tax Exempt

For the purpose of taxation, California Street Improvement Bonds are placed in the class of Municipal Bonds, and enjoy the same freedom from all taxes. They yield 7% exempt from City, County, State and Federal Income Taxes—which is a greater net income than is received from other investments yielding a much higher return subject to taxes.

**'MAD' FINANCIER
IS HELD INSANE****Bond of Honor Head Ordered
to Norwalk Asylum****Farical Plan Got Thousands
from Credulous****Circular "Vacating" Presi-
dency Leads to Arrest**

P. A. Clow, the "mad" financier, whose Bond of Honor farced netted him thousands of dollars from eagerly credulous victims, was found insane by the Lunacy Commission yesterday and ordered removed to the Norwalk Asylum for the Insane.

The decision of the commission concluded Clow's dream of a financial empire which he first visualized in 1913, with the establishment of the Bond of Honor at 854 West Sixth street.

The "mad" promoter made himself the pivot of the corporation and induced hundreds of victims to give him their money for investment in the corporation. The corporation, he told victims, was to operate vast mines, timber holdings and manufacturing plants with the backing of the government for the benefit particularly of ex-service men. Investors were to receive 14 per cent dividends annually.

A financial harvest for Clow followed until investigators for The Times exposed the entire farce in December, 1923. Clow and two of his associates were tried before Federal Judge James, but the court dismissed the case with the statement that the defendants were obviously mentally incompetent.

The action was dropped until a few weeks ago, when grand-jury action against Clow was taken. One of the grand jurors, who had been privately owned resources of the nation were about to be drafted by the government under the Doolittle of the Bond of Honor.

Another grand juror, who had been drafted by the government, was also drafted by the government. The grand jury was composed of 23 members, and the case was heard by Judge James.

Federal agents traced the circulars to Clow and then placed the case in the hands of the police. Inspector Stewart, the "psycho" officer of the department, was assigned to the case. Clow's demeanor when approached by the officer caused the latter to have an insanity warrant issued against him.

While officers were seeking him on the warrant, Clow appeared at police headquarters on the 18th just, to complain to police executives against the visit to his home of Inspector Stewart. He was placed under arrest and Judge Date, as head of the Lunacy Commission, found him insane at the hearing yesterday.

OWENS AND DALTON FREED**Commissioner Turney Dismisses Removal Proceeding
on Ground Evidence Shows no Mann Act Guilt****U. S. Commissioner Raymond I. Turney yesterday dismissed the
removal proceedings against John R. Owens, wealthy sportsman, and
Irene Dalton, who are under Federal indictment in Toledo on a
charge of violating the Mann Act.****Evidence introduced here against
the two defendants was insufficient
to show immorality such as would
be necessary for prosecution, Com-
missioner Turney said. The de-
fendants were released from cus-
tody.**

Russell Graham, counsel for the government, announced that in his opinion there was nothing in the evidence submitted by the Toledo Federal officials to warrant removal of Owens and Miss Dalton on the charge. He said this was particularly true in view of the fact that the indictment was based on a trip made by the two defendants to Toledo, Ohio, in December, 1923. There was no evidence of a violation of the law in connection with Miss Dalton's journey from Toledo to Detroit, he said.

A. I. McCormick, counsel for Owens, presented lengthy arguments against an order for removal. He said there had been no showing of immorality relating to the time Owens and Miss Dalton were together in Chicago, Toledo and Detroit.

The action of the commissioner does not affect the status of the criminal proceedings pending against Owens and Miss Dalton in Toledo except that the two cannot be forced to leave the jurisdiction of the local Federal court to face trial in Ohio in the existing indictment. It was explained by Attorney Graham.

Further removal proceedings could be instituted under a new indictment, he said, or, if the two should leave voluntarily, a California removal proceeding could be renewed under the existing indictment.

The action was dropped until a few weeks ago, when grand-jury action against Clow was taken. One of the grand jurors, who had been privately owned resources of the nation were about to be drafted by the government under the Doolittle of the Bond of Honor.

Another grand juror, who had been drafted by the government, was also drafted by the government. The grand jury was composed of 23 members, and the case was heard by Judge James.

Federal agents traced the circulars to Clow and then placed the case in the hands of the police. Inspector Stewart, the "psycho" officer of the department, was assigned to the case. Clow's demeanor when approached by the officer caused the latter to have an insanity warrant issued against him.

While officers were seeking him on the warrant, Clow appeared at police headquarters on the 18th just, to complain to police executives against the visit to his home of Inspector Stewart. He was placed under arrest and Judge Date, as head of the Lunacy Commission, found him insane at the hearing yesterday.

WEDS IN NEW YORK****Larry Semon and Bride****Larry Semon, film comedian and
his leading woman, Dorothy Dwan,
were married yesterday in New
York, according to telegrams re-
ceived by friends here. The cere-
mony was performed by William
Bartholomew, rector of the Fortham
Manor Episcopal Church and was
attended by the bride's mother,
Mrs. George Smith and a few in-
timate friends.****The couple had been engaged for
some time and it was thought that
they would be married in Los An-
geles. Several days ago, Semon
was booked to appear in a two-
week engagement at the Palace
Theater in Gotham. He telegraphed
his fiancée and her mother to come
to New York and the wedding fol-
lowed. The ceremony was held at
eight o'clock and Semon signed
Miss Dwan to be his wife.**

Semon recently finished the role of Dorothy in "The Wizard of Oz" produced by Samuel Goldwyn. It was stated, Miss Dwan will appear only in feature length comedies or in dramatic pictures. The new couple will return home here at the conclusion of the New York engagement of the comedian.

FOUR DEPUTIES ACCUSED**Sheriff's Men Charged With Brutal Acts and Raiding
Home Without Showing Warrant****Deputy Sheriff Benton, together with three other deputies who re-
main unnamed, was summoned to appear at the District Attorney's of-
fice this morning to answer charges of illegal procedure and headless
brutality during a raid on the home of Karl K. Born, real estate
operator at 2143 Eleventh street, Santa Monica.****The raid was carried out by the
deputies on the 16th inst. Since
that time Born has been in the
County Jail under \$5000 bail on a
dry-law charge. The investigation
into the raid was begun at the
instance of Mrs. Born, who ap-
peared at the District Attorney's
office Wednesday.**

She stated that the four men came to her home and sought admittance. She refused to permit them to enter unless they showed a search warrant, she said. They refused to do so and she protested against the forcible entrance into her home, she said, and Benton struck her with a blackjack. Another of the deputies then fell her with a blow on the head and she was carried screaming and screaming to the hospital.

She became hysterical and screamed and Benton struck her with a blackjack. Another of the deputies then fell her with a blow on the head and she was carried screaming and screaming to the hospital.

SOCIETY

— BY JUANA NEAD LEVY —

One of the charmingly arranged affairs of the day, honoring two brides-elect of the season, will be the bridge tea with which Miss Eleanor Denau, daughter of Mr. Hugo J. Denau of South Gracery Place, is entertaining this afternoon. The guests of honor will be Miss Josephine Grogan, fiancée of Edwin Julian Cutting of Sacramento, and Miss Dorothy Henry, whose engagement to Nathaniel Maclyn Floyd was announced recently. The table will be beautifully adorned with spring flowers and ferns and place arranged for twenty-four guests. These two attractive young brides-elect are being the incentive for a number of charmingly arranged affairs before the Lenten season. Both weddings will be events of the late spring.

Bridge and Dinner

Dr. and Mrs. Garrett Lansing Hogan of West Adams street here hosts last evening at a charmingly arranged bridge and dinner party given at the Biltmore, forty guests having been bidden. The table decorations were effectively carried out with a profusion of spring flowers and feathery ferns, and the luncheon was served in shades lighting the board. After the dinner bridge was the feature of the evening's entertainment.

At Arrowhead

Among the distinguished visitors to Southern California this month are Dr. and Mrs. Benjamin W. Brown of Washington, D. C. Dr. and Mrs. Brown are enjoying a week's sojourn at Arrowhead Springs.

Cashion-Flannigan

One of the prettily appointed weddings of the week was that of yesterday morning when Miss Jean Cashion, attractive young daughter of Mr. and Mrs. A. M. Cashion, plighted her troth to James W. Flannigan, Jr., son of James W. Flannigan of New York City and Mrs. A. W. Elliott. The ceremony took place at the home of the bride's parents, 2165 Francis avenue, Father Grogan from the Ventura Mission officiating, assisted by Father O'Malloran. The house was beautifully decorated with a profusion of flowers and ferns, and the bride, who was given away in marriage by her father, wore her going-away gown of green chamoisee trimmed with fur, and a diamond necklace and earrings, and an arm shower of gardenias and lilies of the valley. Her only attendant was Helen Egan, sister-in-law, while Charles Bryant Lang served. This ceremony at a wedding breakfast was held and later Mr. and Mrs. Flannigan left on an extended honeymoon trip, which will include all the various points of interest between here and New York City where, after a three months' visit there they are planning a further trip to South America.

For Bride-Elect

Among the attractive affairs which are being given in honor of the brides-elect, will be the luncheon and bridge shower with which Miss Ann Bruner is entertaining tomorrow afternoon at the Hollywood Athletic Club in honor of Miss Margaret Boyle, and of Miss Alfred Lee Maguire. Those included will be Miss Hoyle, Miss Boyle, Miss Thelma, Miss Mary Louisa Flinn, Curry, Miss Mary Louise Ryan, Miss Frances Ryan, Miss Katherine Ryan, Miss Phyllis Ryan, Miss Catherine O'Brien, Miss Dorothy Crowley and the hostess.

At the Carrillo

Among the Angelinos who have been enjoying a delightful sojourn at the Carrillo in San Diego bars are Mr. and Mrs. C. A. Korrer and Mrs. W. Samsky, Mr. and Mrs. Evans, Mr. and Mrs. W. G. Daniels, Mr. and Mrs. C. E. Davidson, Mr. and Mrs. W. L. Williams, Mr. and Mrs. R. H. McCracken, Mr. and Mrs. A. L. Mitchell, Mr. and Mrs. E. M. Hicks, Mr. and Mrs. Paul Smith, Mr. and Mrs. E. H. Stule, Mr. and Mrs. H. Barnes, Mr. and Mrs. Ira Ottensmeyer, Mr. and Mrs. Harold Peterson, Mr. and Mrs. George

A delightful dinner party was given Saturday evening by the governors of El Caballero Country Club in honor of their wives. The dinner followed the annual meeting of the members of the club, and among those enjoying the evening were:

At Palm Springs.

Mrs. Joseph D. Radford of West Adams street and her niece, Mrs. Ethel Rivers Hopkins and son, W. Ross Hopkins, are enjoying several days' visit at Palm Springs. Where they motored down yesterday morning.

Recent Arrival.

Among the charming acquisitions to local social and college circles is Miss Geraldine Nusbbaum, formerly of Omaha, Neb., who arrived several days ago to make her home with her parents, Mr. and Mrs. Charles A. Sunderlin, 1243 South Plymouth boulevard. Mr. and Mrs. Sunderlin preceded their daughter six weeks ago. Miss Nusbbaum, who is one of the popular members of the young set in Omaha, recently announced her engagement to Edward C. Perley, son of Mr. and Mrs. Lyman C. Perley of Omaha. On her way west Miss Nusbbaum stopped for a visit with her grandmother, Mrs. C. W. Graguerin in Peabody, Kan. Miss Nusbbaum, who is graduated from University of Nebraska, University of Idaho and also from Smith College, is taking a special course at University of Southern California. She is a member of the Gamma Phi Beta society. Not long has been set for the wedding of Mr. Perley is a Phi Kappa Psi fraternity member, being graduated from University of Nebraska.

Luncheon Party.

One of the enjoyable affairs of recent date was the luncheon luncheon with which Mrs. Louise M. George and her daughter, Mrs. Louise George Dorr, entertained at the Maryland Saturday afternoon. A low mound of sprigs blossoms and feather ferns formed the centerpiece of the table, where covers were arranged for Mrs. William F. Bullender, Mrs. Beulah Wright, Comstock, Miss Della Bates and Miss Emma Bates, all of Los Angeles, Mrs. George and Mrs. Dorr.

Times Want Ads

The Los Angeles Times prints more want ads than any other newspaper in the world.

Before you make this test with
by's tender skin make this test:
Moisten the tip of your tongue
and hold it to the soap for a few
seconds. If the soap draws or
burns your tongue discard it at
once. It is alkaline or rancid,
and will irritate any baby's skin.

Now make this test with Cas-
toly, The Modern Castile Soap.
You will find it so pure, so mild,
so free from alkali that it has
none of the irritating or drying
after-effects of ordinary soap.

Castoly is the ideal soap for
any tender skin. It has all the
good qualities of old genuine
Castile and advantages that
Castile at its best never had.
It is pure, delicate; it lathers
freely and rinses quickly. Ideal
for every day use on hands and
face, and for shampooing.

20c. a cake; 3 cakes for 50c.
Made by The Andrew Jergens
Co., the world's largest exclu-
sive toilet soap makers.

and liability and danger of eating so much that the weight will be gained in weight results during this period. Fifteen to twenty pounds increase is enough for the normal, healthy woman, and her weight should reduce. But the foods supplying the mineral constituents and proteins in the diet should not be omitted or the results may be as they were in your case.

THIN MOTHERS AND THEIR CHILDREN

"Dear Doctor: Peters: I am enclosing a self-addressed, stamped envelope and 10 cents in stamps, for which please send me your pamphlet on gaining (opened with a capital G).

I am five feet, five and one-half inches tall, and weigh 105 pounds. My neck and shoulders are so thin I positively look like a toothpick with wings on my back.

"My children, who range in age from 6 to 17, have the same tendency to promiscuous eating. Is there any hope of helping that trouble if taken in hand now? They are healthy children."

"I read your articles in the paper with a great deal of interest and I would want to help you, but I can't do much for myself. We have already added plenty of milk

for the dainties that are the staple of the cantinero of Hollywood. But fate was winning at the prize office held at the Crystal Palace, where Virginia Vincent, Louisa Maurine Honey, and Orchestra will be the cooperation of the occasion will be Mrs. B. Palmer, Mrs. L. B. Tarnhill, and J. W. Wasson.

Bullock's Closes at One o'Clock Saturday

Therefore—Saturday Morning!

While 480 pairs last—Women's Novelty Wool Stockings, \$2.95 pair
in Jacquard Checks—Plaids and Stripes. Warm stockings for outing and sportswear. Sturdy stockings for many a day's comfort. Attractive color combinations—Featured for Saturday morning promotion, \$2.95 pair.

750 pairs Novelty Lisle Stockings at \$1.85 pair
Plaids, stripes and checks. Some plain lisle—Others silk and lisle. For sports wear. Splendid school stockings, \$1.85.

—Broadway Building, Street Floor.

"One o'Clock Saturday" says let's sell
These Broken Lines in Girls' Oxfords at \$3.85

Girls' Oxfords and Strap Pumps in patent, black suede, brown and airdale Nubuck with leather trimmings. Also some black and brown calf Oxfords. Not all sizes in every style—but those whose sizes are here—are faced with a splendid opportunity to save at Bullock's. \$3.85.

Boys' Tan Calf Crepe Sole Oxfords

Sizes 11½ to 13½ at \$4.85—Size 1 to 6 at \$5.85—Size 6½ to 10 at \$6.85. Blucher Model with Crepe soles and heels.

Some Young Men's Oxfords at \$6.50

In black calf, Russia tan calf, with brass eyelets and dark brown calf—sizes 6½ to 10 at \$6.50.

—Broadway Building, Fifth Floor.

"One o'Clock Saturday" emphasizes
Boys' Suits with Two Pairs Knickers at \$14.75

And again comes the difficulty of advertising a Bullock value so that it may not be underestimated. It isn't the fact that Bullock's has Knicker Suits to sell at \$14.75 that is important—it is the fact that these particular Two-Pant Knicker Suits are \$14.75 that every parent should consider carefully. The materials—the styles—the workmanship—the linings—the "everything" about these suits make them so exceedingly worthwhile. Tan, grey, green, heather mixture, novelty tweeds—Sizes 7 to 17, \$14.75. More and more Boys are getting to know and like Bullock's Store for Boys because of the clothes that are here, the folks that are here and Bullock's service that is here and so responsive.

—Broadway Building, Fifth Floor.

At Bullock's "One o'Clock Saturday"
Girls will like these Boy style Sweaters, \$5.95

Because of the sweaters they are—as well as the price they are marked—\$5.95 doesn't attempt to identify them. Sizes 8 to 16 years.

Attractive new Pull Over models of fine worsted yarns—cricket neck—ribbed bottoms and cuffs. The body patterned with half inch checks in three harmonizing shades. Lower edge and cuffs, solid colors—the happy completion of the blouse and skirt costume at Bullock's, \$5.95.

—Broadway Building, Fifth Floor.

"One o'Clock Saturday" at Bullock's
New Spring Coats for Junior Girls at \$9.75

and others at \$14.75—in sizes 6 to 14 years. High shades of the well liked polaire cloth, smart two-toned effects—some straight lines—others flared—Rose, brown and tan. Coats that express the spirit of the Junior Girl at Bullock's, \$9.75 and \$14.75.

—Broadway Building, Fifth Floor.

"One o'Clock Saturday" Bandeaux at 50c each

200 of these favorite Woven Halo Bandeaux in Roman stripes and plain colors. Adjustable to the head—to keep bobbed hair in place, particularly out of doors.

Being accustomed to a much higher price—they themselves have been surprised to be marked 50c.

Note!—144 of these Spanish Lace Scarfs that are so much the rage—have arrived in the wanted brilliant and conservative colors—\$3.00 each.

—Scarf Section, Broadway Building, Street Floor.

"One o'Clock Saturday" Electric Curling Irons Special, 50c

200 guaranteed electric curling irons that are complete with cord. And Bullock's prices these at 50c for Saturday morning.

5-Cup Tea Pots 50c
Earthenware tea pots that hold 5 cups. Coquely decorated with tan colored bands. Here's a value! Remember.

"One o'Clock Saturday"
—Hill Street Balcony, Bullock's Hill Street Building.

"One o'Clock Saturday" Children's Hats at \$2.95

of Polaire Cloth—4 different head sizes. Particularly becoming smart little models after the sports order. \$2.95.

Partaking generously of that splendid character that is winning friends so generously and that is significant of Bullock's Junior Millinery.

—Broadway Building, Fifth Floor.

"One o'Clock Saturday" Hat Bags, 18x6 Now \$3.95

Bullock's Luggage Section makes this striking emphasis of Bullock's rule for "One o'Clock Saturday." Patent Leather Material hat bags are reduced to \$3.95 each. That's a low price for size 18 by 6 or 20 by 6 inches.

—Luggage Section, Bullock's Sixth Floor.

"One o'Clock Saturday" Boys' Madras Union Suits 75c

Indication of the personality of Saturday Morning in Bullock's Underwear Section for Boys.

—Broadway Building, Fifth Floor.

at Bullock's—assumes unusual importance in Los Angeles Shopping Circles—as this announcement suggests—for this announcement concerns merchandise on sale at Bullock's—

Saturday Morning—Not Today

—(Bullock's Closes at "One o'Clock Saturday")

—And is expressive of the spirit of service that reigns throughout the whole store, in all the sections not advertised, throughout every piece of the thousands and thousands of dollars worth of new merchandise that has been carefully chosen and is now ready for you.

A Collection Sports Hats at \$5!

A Millinery prelude to Spring, as it were—at the same time, an offering no woman should ignore. Sports Hats of Hemp Straw or Straw and Felt, or Novelty Braid. Roll brims, small cloches—with cocardes of ribbon and ribbon trims.

Decidedly up to Bullock's style standard and down to a magnetic Saturday morning price, \$5.00.

—Broadway Building—Third Floor.

A just arrived collection of Barbara Lee dresses—for spring. In sizes and types for misses (size 14, 16, 18) and for women and larger women.

Street, sports type, cafe and dance frocks. Ensemble dresses of pastel hashmir. Soft lace-appliqued dinner dresses of satin. Jumper types of plaited crepe de chine. All at \$39.50.

A quite unusual pre-showing, Saturday morning from nine to one...

A few of the Barbara Lee dresses illustrated in Vogue and Harper's for February are sketched above. Ordinarily these dresses are featured for Monday's selling.

This week—as a Specially-for-Saturday concession—the nationally illustrated Barbara Lee models will be featured Saturday morning as well.

These illustrated models, together with dozens of other Barbara Lee originals—all priced \$39.50—will be shown for the first time Saturday morning.

They will constitute a veritable nine-to-one (Bullock's closes at one Saturday's) fashionable showing of Barbara Lee dresses for Spring. All unmistakable in their style discrimination. All signed Barbara Lee. Sizes for women and misses.

The Fashion Sections... BULLOCK'S... Third Floor
